This library is still in development!

We have done our best to fix all the bugs we are aware of before releasing version 1.0- however, with a project of this scale it is all but guaranteed that some slipped through the cracks!

If you have found a bug or issue, or if you simply would like to request that something be added sooner rather than later, please visit the LoV Discord server linked here: <https://discord.gg/z3FRWzr63B>.

When you take the Attack action on your turn, you can replace one of your attacks with an exhalation of magical energy in either a 15-foot Cone or a 30-foot Line that is 5 feet wide (choose the shape each time). Each creature in that area must make a **DC 10** Dexterity saving throw. On a failed save, a creature takes **1d10** Cold damage. On a successful save, a creature takes half as much damage.

LONG ACTION

Encouraging Song

As you finish a Short or Long Rest

Play a song on a musical Instrument to give **2** allies who hear the song a heroic inspiration

HEROIC INSPIRATION

If you have Heroic Inspiration, you can expend it to reroll any die immediately after rolling it, and you must use the new roll.

MUSICIAN

You gain the following benefit:

- **Instrument Training.** You gain proficiency with three Musical Instruments of your choice.
- **Encouraging Song.** As you finish a Short or Long Rest, you can play a song on a Musical Instrument with which you have proficiency and give Heroic Inspiration to allies who hear the song. You can only affect **2** allies with this ability.

SNEAK ATTACK

Once per turn, you can deal an extra **1d6** damage to one creature you hit with an attack roll if you have Advantage on the roll and the attack uses a Finesse or a Ranged weapon. The extra damage's type is the same as the weapon's type.

You don't need Advantage on the attack roll if at least one of your allies is within 5 feet of the target, the ally doesn't have the Incapacitated condition, and you don't have Disadvantage on the attack roll.

THIEVES' CANT

You picked up various languages in the communities where you plied your roguish talents. You know Thieves' Cant and one other language of your choice, which you choose from the language tables.

WEAPON MASTERY

Your training with weapons allows you to use the mastery properties of two kinds of weapons of your choice with which you have proficiency, such as Daggers and Shortbows.

Whenever you finish a Long Rest, you can change the kinds of weapons you chose. For example, you could switch to using the mastery properties of Scimitars and Shortswords.

- **Finesse.** When making an attack with a Finesse weapon, use your choice of your Strength or Dexterity modifier for the attack and damage rolls. You must use the same modifier for both rolls.
- **Light.** When you take the Attack action on your turn and attack with a Light weapon, you can make one extra attack as a Bonus Action later on the same turn. That extra attack must be made with a different Light weapon, and you don't add your ability modifier to the extra attack's damage unless that modifier is negative. For example, you can attack with a Shortsword in one hand and a Dagger in the other using the Attack action and a Bonus Action, but you don't add your Strength or Dexterity modifier to the damage roll of the Bonus Action unless that modifier is negative.
- **Thrown (20/60 ft.).** If a weapon has the Thrown property, you can throw the weapon to make a ranged attack, and you can draw that weapon as part of the attack. If the weapon is a Melee weapon, use the same ability modifier for the attack and damage rolls that you use for a melee attack with that weapon.
- **Mastery: Nick.** When you make the extra attack of the Light property, you can make it as part of the Attack action instead of as a Bonus Action. You can make this extra attack only once per turn.

- **Range (80/320 ft.).** A weapon that can be used to make a ranged attack has a range shown in parentheses after the ammunition or thrown property. The range lists two numbers. The first is the weapon's normal range in feet, and the second indicates the weapon's maximum range. When attacking a target beyond normal range, you have disadvantage on the attack roll. You can't attack a target beyond the weapon's long range.
- **Ammunition (Arrow).** You can use a weapon that has the Ammunition property to make a ranged attack only if you have ammunition to fire from it. The type of ammunition required is specified with the weapon's range. Each attack expends one piece of ammunition. Drawing the ammunition is part of the attack (you need a free hand to load a one-handed weapon). After a fight, you can spend 1 minute to recover half the ammunition (round down) you used in the fight; the rest is lost.
- **Two-Handed.** A Two-Handed weapon requires two hands when you attack with it.
- **Mastery: Vex.** If you hit a creature with this weapon and deal damage to the creature, you have Advantage on your next attack roll against that creature before the end of your next turn.

Arrows are used with a weapon that has the ammunition property to make a ranged attack. Each time you attack with the weapon, you expend one piece of ammunition. Drawing the ammunition from a quiver, case, or other container is part of the attack (you need a free hand to load a one-handed weapon). At the end of the battle, you can recover half your expended ammunition by taking a minute to search the battlefield.

Arrows are typically stored in a Quiver (bought separately).

 1 sp each

 1 lb each

You can douse a creature, object, or space with Oil or use it as fuel, as detailed below.

Dousing a Creature or an Object. When you take the Attack action, you can replace one of your attacks with throwing an Oil flask. Target one creature or object within 20 feet of yourself. The target must succeed on a **DC 13** Dexterity saving throw or be covered in oil. If the target takes Fire damage before the oil dries (after 1 minute), the target takes an extra 5 Fire damage from burning oil.

Dousing a Space. You can take the Utilize action to pour an Oil flask on level ground to cover a 5-foot-square area within 5 feet of yourself. If lit, the oil burns until the end of the turn 2 rounds from when the oil was lit (or 12 seconds) and deals 5 Fire damage to any creature that enters the area or ends its turn there. A creature can take this damage only once per turn.

Fuel. Oil serves as fuel for Lamps and Lanterns. Once lit, a flask of Oil burns for 6 hours in a Lamp or Lantern. That duration doesn't need to be consecutive; you can extinguish the burning Oil (as a Utilize action) and rekindle it again until it has burned for a total of 6 hours.

Escaping the Rope requires the creature to make a successful DC 15 Dexterity (Acrobatics) check as an action.
